Subject: Information on December STPC meeting and upcoming March 19 meeting

Hi all:

I am attaching quite a bit of information. You might want to skim it. To summarize just wouldn't work. There is too much going on that either is directly related to NCEA or is peripheral to us in some way.

You will find attached notes from the December STPC meeting, the agenda and call in information for the Mar 19 (1-3 pm) meeting, and the list of items that were recently ranked by the Agency as topics that folks would like to discuss at upcoming STPC meetings. You will see that "IRIS-lite" (not our phrase) is #1.

When Vince and Norm briefed the STPC in December on the multi-year plan, this topic came up. So someone put it on the list, and it WON!

Anyone can attend or call into the STPC meetings.

On a side note, Fred is getting us on the STPC contact list.
